MEMORANDUM FOR: Deputy Director for Administration

FROM:

William F. Donnelly Inspector General

SUBJECT:

Topics of Interest to the State Department

Inspector General

1. At the 8 November meeting of the President's Council on Integrity & Efficiency, the State Department IG handed out the attached data about overseas personnel (there is no mention of CIA in this unclassified data). The State IG told the group that beginning in FY 1990, State was going to "charge back" many costs that heretofore Agriculture, Commerce, etc., were not asked to pay--for example, the costs of telecommunications.

2. The attached State IG paper also lists other topics of concern to the Department and the State IG, which I am sure we will hear about in the coming year. Note for example "uniform code of conduct."
